

Great Bend TOWNSHIP

ORDINANCE # 59

RETAINING TANK ORDINANCE

BE IT ENACTED AND ORDAINED by the Township of Great Bend, of Susquehanna County, Pennsylvania, and it is hereby enacted and ordained as follows:

**SECTION 1. PURPOSE.**

The purpose of this Ordinance is to establish procedures for the use and maintenance of existing and new retaining tanks designed to receive and retain sewage, whether from residential or commercial uses, and it is hereby declared that the enactment of this Ordinance is necessary for the protection, benefit and preservation of the health, safety and welfare of the inhabitants of this municipality.

A. As to any residential or commercial property, a retaining tank is a temporary solution to sewage disposal where an existing system has failed and will be permitted only when no other means of disposal is currently available when an existing system fails and undue hardship would result from ordering the cessation of the production of sewage. In no case will a retaining tank be construed as an alternative to conventional in-ground, individual or community sewage systems or to a sewage treatment system. A retaining tank will not be approved for any new construction where no alternative sewage disposal system is available.
